

We believe the best way to bring sustainable employer engagement, careers advice and first class professional employability skills to schools and colleges is by working with them to understand their individual needs and the aspirations of their students. To offer support and fresh ideas, ensuring the latest opportunities are made available to their learners.

EmployabilityUK offers a truly bespoke service by working with teachers to develop their employability action plan, with timescales and measures and delivering it through a dedicated team of employers, students and other supporters. This team is an Employability Taskforce.

The Employability Taskforce recognises issues of high youth unemployment and social mobility and aims to provide practical solutions to these challenges. It builds on the school's own knowledge and expertise, and helps inspire students by giving them real life experiences of work through our comprehensive mentoring programme.

By forging strong partnerships, the team provides long term support, helping to improve the employability skills of young people and address the skills gap.

Providing an employer engagement solution to schools and colleges, bringing business and education together to enhance the aspirations, opportunities and career prospects of enthusiastic young people aged 11-19.

For Education

A powerful, bespoke, student-centric service which brings an integrated enrichment model to enhance careers provision, raise aspirations and signpost current and relevant employability opportunities.

- ▶ Designed to meet the needs and expectations of students, teachers, governors, parents/carers and OFSTED
- ▶ Flexible, bespoke mentoring programme
- ▶ Powerful offer for 11-19 year-old learners
- ▶ Sign post to current employability opportunities
- ▶ Student participation, informing and delivering the action plan
- ▶ Delivers work-related skills to inspire students and give real experiences of work
- ▶ Practical experience of work in key industries/sectors
- ▶ Flexible and targeted – shaped to individual school needs
- ▶ Networking and participation, enhancing CPD
- ▶ Teaching and learning network – providing tailored training and sharing best practice
- ▶ 1, 2 or 3 year programme with high quality technical support
- ▶ Builds sustainable employer relationships
- ▶ Innovative programme which will highlight school in the local community

For Business

A network of business leaders working with schools and colleges to develop a measurable employer engagement programme that demonstrates excellence in corporate social responsibility whilst preparing students for work and adult life.

- ▶ Demonstrates excellence in corporate social responsibility
- ▶ Aligns with the Government's education and employability policies
- ▶ Mentoring provides an excellent way to meet the Government-recommended volunteer aspirations
- ▶ Helps to identify talent pipeline for future recruitment
- ▶ Join a network of business leaders involved in driving the programme, for young people
- ▶ Opportunity to advocate best practice amongst staff and increase morale
- ▶ Enables businesses to engage with schools giving students access to the real world of work
- ▶ Provides professional development opportunities for employee volunteers at all levels
- ▶ Brings fresh insights and ideas in to the business
- ▶ Employees can inspire young people and provide ways to address skills gaps
- ▶ Fully supported programme from education/business specialists at EmployabilityUK
